Catasauqua Area School District

Stronger Together: Path to Reopening for K-12 Schools - Health and Safety Plan

INTRODUCTION

The Catasauqua Area School District Health and Safety Plan outlines our school district's instructional and non-instructional school reopening activities for the 2020-2021 school year and was created in consultation with The Allentown Health Bureau, the PA Department of Health, and other regional health agencies. As with all emergency plans, the CASD Health and Safety Plan is tailored to the unique needs of our school district. All school activities are informed by Governor Wolf's Process to Open Pennsylvania, the Centers for Disease Control and Prevention, and the American Academy of Pediatrics.

The Governor's plan has categorized reopening into three broad phases: red, yellow, or green. These designations signal how counties and/or regions may begin easing some restrictions on school, work, congregate settings, and social interactions. Depending upon the public health conditions in our county, there could be additional actions, orders, or guidance provided by the Pennsylvania Department of Education (PDE) and/or the Pennsylvania Department of Health (DOH) designating our county as being in the red, yellow, or green phase. There may be times that our county may not experience a straight path from a red designation, to a yellow, and then a green designation. Instead, cycling back and forth between less restrictive to more restrictive designations may occur as public health indicators improve or worsen in our local area. The CASD Health and Safety Plan accounts for changing conditions to ensure fluid transition from more to less restrictive conditions in each of the phase requirements as needed.

The mission of the Catasauqua Area School District, in partnership with our community, is to achieve educational excellence and promote lifelong learning.
### HEALTH & SAFETY PROTOCOLS & PLAN HIGHLIGHTS

<table>
<thead>
<tr>
<th>Social Distancing</th>
<th>CASD will practice social distancing as much as possible. We will maximize the amount of space between students and reduce the amount of time they are in close contact with each other.</th>
<th>Hygiene Practices</th>
<th>Staff and Students are expected to adhere to hygiene practices set forth by CDC and DOH (handwashing, sanitizing, respiratory etiquette). Personal Protective equipment will be utilized by staff and students in accordance with current CDC and DOH recommendations.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Daily WellnessChecks</td>
<td>Prior to leaving home, students and staff members are required to take their temperature. Anyone with a temperature of 100.4 or greater and/or experiencing COVID-19 symptoms should not report to school/work and should contact his/her healthcare provider.</td>
<td>School Visitors</td>
<td>Electronic communication is encouraged. Non essential visitors and volunteers will not be allowed to enter the school building. Essential visitors should schedule an appointment, will be required to wear a face covering and complete a COVID-19 questionnaire upon entry into the building.</td>
</tr>
<tr>
<td>Face Coverings</td>
<td>It is expected that all staff and students wear face coverings in accordance with the PA Department of Health (DOH)/Governor’s order(s) in accordance with business and building safety requirements. At such time the orders are lifted, the District STRONGLY ENCOURAGES the use of face coverings unless doing so jeopardizes one’s health, or social distancing can be maintained within the learning setting.</td>
<td>Transportation</td>
<td>Bus riders must wear face coverings in accordance with the PA Department of Health (DOH)/Governor’s order(s). Decrease the number of students on the bus and implement A/B bus runs to promote social distancing. Clean and disinfect frequently touched surfaces. Walking to school and parent drop-off/pick-up are encouraged.</td>
</tr>
<tr>
<td>Cleaning &amp; Disinfecting</td>
<td>All cleaning supplies will meet or exceed local, state, federal, and CDC recommendations and guidelines. CASD Custodial staff use approved disinfectant and a cleaning process that ensures proper dwell time, cleaning and disinfecting of high-touch surfaces.</td>
<td>Meals</td>
<td>CASD will implement alternate meal serving methods and utilize additional spaces to promote social distancing during breakfast and lunches. Meal areas will be cleaned and disinfected before and after eating.</td>
</tr>
</tbody>
</table>
| Students or Staff Showing COVID-19 Symptoms While At School | Anyone showing signs of illness will be quarantined and sent home immediately. If a case of COVID-19 is confirmed, the DOH will provide guidance related to contact tracing, testing, quarantine, and possible school closure/transition to online learning. | Teaching & Learning | CASD utilized the parent and student feedback survey data to increase consistency and to enhance teaching and increase learning, and to design learning options. For the 2020-21 school year, parents may choose either:  
- Option A: Traditional K-12 Learning Option  
- Option B: CASD Online Learning Option  
- Option C: Home Education |

</tbody>
</table>

The mission of the Catasauqua Area School District, in partnership with our community, is to achieve educational excellence and promote lifelong learning.
**Option A: Traditional K-12**
Students attend school in their assigned school buildings 5 days a week with appropriate health and safety protocols.

**Option B: CASD Online Program**
Students participate in a fully online educational program from their homes. The program will be managed by CASD certified teachers, and directly correlated to the Board approved CASD curriculum, and what is simultaneously occurring in the traditional classroom.

**Option C: Home Education**
Submission of home education documents required and program delivery in compliance with PA School Law and Regulations.

**Option D: Hybrid Option***
*Implemented by the Superintendent in response to direction by the PA Department of Education or PA Department of Health, or if school buildings are not permitted/not able to operate at maximum capacity.*

Students will be split into two groups by last name/household name, and instruction will be delivered in both an asynchronous online and traditional classroom setting according to the schedule below:

**Team CATTY - Last Name Begins with A-K**
- Monday and Tuesday - In-School Instruction
- Wednesday - Synchronous Online Instruction
- Thursday and Friday - Asynchronous Online Instruction

**Team ROUGH RIDERS - Last Name Begins with L-Z**
- Monday and Tuesday - Asynchronous Online Instruction
- Wednesday - Synchronous Online Instruction
- Thursday and Friday - In-School Instruction

*The mission of the Catasauqua Area School District, in partnership with our community, is to achieve educational excellence and promote lifelong learning.*

# Key Strategies, Policies, & Procedures

The action plan documents the Catasauqua Area School District thorough plan for each of the requirements outlined in the Pennsylvania Department of Education's Preliminary Guidance for Phased Reopening of PreK-12 Schools. The table below identifies a detailed summary describing the key strategies, policies, and procedures the Catasauqua Area School District will employ to ensure the health and safety of every stakeholder in the local education community. The information below provides key information that staff, students, and families will require to clearly understand the Catasauqua Area School District local plan for the phased reopening of schools.

  - At the elementary level, to promote social distancing, bused students will enter/exit in the back of the school building and parent drop off students will enter/exit in the front of the building.
  - Parent drop off times will be staggered to limit the number of students entering the building at one time.
  - Students will utilize single file lines to the extent possible.
  - Students eating breakfast will use all tables set up in the cafeteria and gym. Students will maintain social distance while in the line and while sitting at the tables (only 4 per table).
  - Administrators, staff and the School Resource Officer will ensure safety by monitoring traffic flow, facilitating social distancing, and limiting unnecessary congregations of students and staff.
  - Students are required to wear masks in accordance with PA Department of Health/Governor’s orders.
  - Dismissal times will be staggered.

- Bused students will enter/exit in the back of the school building and parent drop off students will enter/exit in the front of the building.
- Parent drop off times will be staggered to limit the number of students entering the building at one time.
- Students will utilize single file lines to the extent possible.
- Students eating breakfast will use all tables set up in the cafeteria and gym. Students will maintain social distance while in the line and while sitting at the tables (only 4 per table).
- Administrators, staff and the School Resource Officer will ensure safety by monitoring traffic flow, facilitating social distancing, and limiting unnecessary congregations of students and staff.
- Students are required to wear masks in accordance with PA Department of Health/Governor’s orders.
- Dismissal times will be staggered.

**MIDDLE SCHOOL**

- Symptom screening will be done by all parents/guardians at home each morning before the school day. No children with symptoms will be sent on a bus or brought to school.

## Stronger Together: Path to Reopening for K-12 Schools - Health and Safety Plan

**District/School Transitioning Considerations:**
- Consider pre-packaged boxes or bags for each student instead of traditional serving lines.
- Avoid sharing of foods and utensils.
- Additional lunch periods

**Preventative measures such as:**
- Face masks are required during transitions.
- Conducting cleaning of hallways and high-touch surfaces throughout the school day.
- Walking in single file lines to the maximum extent possible.
- Staggering hallway transition times.
- Limiting/Staggering use of communal spaces.
- No locker usage.

**Class changes and other transitions throughout the school day:**
- Provide additional time for transitions.
- Staggered class changes to decrease number of students in hallways at one time.
- Self contained classrooms (K-4)
- Students stay in classrooms/teachers move (5-8)
- Block Scheduling to minimize transitions (9-12)

**Class changes and other transitions throughout the school day:**

## Teaching and Learning

### Lead Individuals:
- Christina Lutz-Doemling
- Kathleen Kotran

#### School buildings are closed
School buildings are closed; Only essential staff report in-person to carry out functions that are absolutely necessary.

District/school leaders utilize virtual tools and platforms wherever possible to conduct essential business and keep in-person reporting to an absolute minimum during school closures.

Only essential staff report for in-person work.

All instruction must be provided via remote learning, whether using digital or non-digital platforms and school entities will adhere to Continuity of Education Plan

Follow district procedures regarding compensatory services.

### Traditional Instructional Model
Schools can deliver traditional instruction under minimal/moderate spread by implementing the recommendations outlined in this guidance. All students will be provided with a district owned iPad to facilitate blended/online learning.

Distance/remote learning is allowable and is the individual decision of each student/family.

Use scheduling to balance class numbers as much as possible to ensure maximize social distancing Physical interaction will be limited.

Teachers and students will practice social distancing to the maximum extent feasible.

Preventative measures such as:
- providing hand sanitizer for students and staff;
- conducting cleaning of classrooms and high-touch surfaces each day;
- limiting physical interaction

The mission of the Catasauqua Area School District, in partnership with our community, is to achieve educational excellence and promote lifelong learning.
In an effort to increase consistency with regard to home-school communication efforts, Catasauqua Area School District will use the Remind communication tool for all levels of communication - teacher, building, and district levels. Remind provides two way communication for instructional purposes, important announcements, and urgent messages related to school closures/safety protocols.

Additionally, important information related to school closures and safety protocols will be posted to the school district webpage and district/building social media pages.

When urgent Health Bureau guidance is needed, the Superintendent will consult with Mr. Keith Simonson, District Nurse Supervisor, PA Department of Health.

When CASD is made aware of a COVID-19 positive case, contact tracing will be initiated by the school nurse. Additionally, cleaning and disinfecting procedures will be initiated.

Seating charts will be required for all classrooms to assist with contact tracing efforts.

**Stronger Together: Path to Reopening for K-12 Schools - Health and Safety Plan**

**TYPE OF REOPENING**

Based on your county’s current designation and local community needs, which type of reopening has your school entity selected?

- Total reopen for all students and staff (but some students/families opt for distance learning out of safety/health concern).
- Scaffolding reopening: Some students are engaged in in-person learning, while others are distance learning (i.e., some grade levels in-person, other grade levels remote learning).
- Blended reopening that balances in-person learning and remote learning for all students (i.e., alternating days or weeks).
- Total remote learning for all students. (Plan should reflect future action steps to be implemented and conditions that would prompt the decision as to when schools will re-open for in-person learning).

The mission of the Catasauqua Area School District, in partnership with our community, is to achieve educational excellence and promote lifelong learning.
ROLES AND RESPONSIBILITIES FOR HEALTH AND SAFETY PREPAREDNESS AND RESPONSE PLANNING

- Prevent accidents, injuries, and work/school-related illnesses in the schools.
- Create and implement health and safety policies in accordance with the latest legislation and to ensure that these policies are implemented by staff.
- Create and implement health and safety procedures/protocols/practices in accordance with the latest guidance and recommendations for the Department of Health (DOH) and Center for Disease Control (CDC) and to ensure that these procedures/protocols/practices are implemented by staff.
- Create a Health and Safety Plan and ensure it’s regularly updated to reflect any changes to the law and/or guidance from federal, state, and local health officials. It’s their responsibility.
- Ensure that each member of staff is aware of and adheres to the Health and Safety Plan.
- Provide regular inspections and risk assessments, and ensure that any hazards or defects are rectified immediately.
- Maintain records and thoroughly investigate any accident, community spread illness, and recommend any improvements in health and safety standards if required.
- Provide training to all staff in health and safety issues, and advising them on protective clothing and equipment where necessary.
- Work closely with management, as well as health and safety inspectors.
The success of the plan for a healthy and safe reopening requires all stakeholders to be prepared with the necessary knowledge and skills to implement the plan as intended. Professional learning will address the topics listed in the table below:

HEALTH & SAFETY PLAN COMMUNICATION

Timely and effective family and caregiver communication about health and safety protocols and schedules is critical. Schools should be particularly mindful that frequent communications are accessible in non-English languages and to all caregivers (this is particularly important for children residing with grandparents or other kin or foster caregivers). Additionally, LEAs should establish and maintain ongoing communication with local and state authorities to determine current mitigation levels in your community. Health and Safety Plan Communications is documented with the following components listed in the table below:

<table>

The mission of the Catasauqua Area School District, in partnership with our community, is to achieve educational excellence and promote lifelong learning.
REGIONAL MEMBERS OF PANDEMIC COMMITTEES

Committees included members from Carbon Lehigh Intermediate Unit 21, the 14 school districts in the Carbon and Lehigh Counties, 2 career technical schools in the CLIU 21 region, and local health officials. Additionally, the CLIU 21 school district leaders aligned its reopening of schools work and processes with the 13 school districts located within the Colonial IU 20 region to include Northampton, Monroe, and Pike counties. The purpose of the committees and collaboration was to plan and prepare for reopening schools for the 2020-21 school year. Due to COVID-19, reopening schools needed to be adapted/modified to incorporate safety and health guidance for all students, staff, and school community. The committees examined guidance and routines used to prepare for the 2020-21 school year and develop alternative means for accomplishing the needed outcomes. The plans incorporated social distancing and remote learning alternatives to provide education and services throughout the various phases of re-opening directed by the state of Pennsylvania and the Department of Health and recommendations by CDC. Special accommodations were considered and implemented for students and staff that are at high risk for exposure to infectious disease.
